Expenditures of the War Department.

Commissioner Wells has prepared for the Committee of Ways and Means the following exhibit of the anticipated expenditures of the military service for the next fiscal year, commencing July 1. Let those who have been asserting that "three hundred millions a year are squandered on the Southern negro governments," that the Freedmen's Bureau absorbs two hundred millions a year from the hard earnings of the people," etc. etc., observe by how plain a statement their lying demagoguery is put down. The figures are conclusive, and the analysis presented is perfectly clear and convincing. The Commissioner says:

> The expenditures of the current fiscal year carried to the account of the War Department, are $123,859,496. The bill (now pending) making appropriations for the expenses of the same Department for the next fiscal year covers an aggregate of but $33,081,013.
>
> Two questions naturally suggest themselves in this connection, viz: First, What explanation can be given for the apparently excessive expenditures charged to the account of the War Department for the current fiscal year—a year popularly assumed to be one of peace? And, second; What reasons are there for supposing that the expenses of the same Department are to be reduced during the next fiscal year to an extent sufficient to be covered by the pending appropriation of $33,000,000?
>
> In answer to these questions, attention should be called, in the first instance, to the fact that a very considerable part of the annual expenditures at present charged to the War Department are in no manner connected with its usual current expenses, but have been referred or charged to its account either by reasons of precedent or for convenience of settlement or disbursement. This will appear evident from the following analysis:
>
> The total expenditures through the War Department for the current fiscal year will be as before stated, $123,859,496.
>
> Under this head, however, are included the following temporary or extraordinary items, none of which can be classed as among the regular "army" or "war" expenditures:

Bounties	$34,020,000
Reimbursing State war claims	9,405,000
Private claims for war damages	6,111,306
Freedmen's Bureau	2,100,000
Subsistence of Indians and advances on account of Interior Department	1,000,000
Total	$51,636,300

> This leaves $72,223,196 as the aggregate war expenditures of the War Department for the current year; an aggregate which has been largely augmented by the existence of Indian hostilities on the frontiers during the summer and fall of 1867.
>
> The above expenditure of $72,223,196 will, it is believed, be reduced during the next fiscal year by the following items:

From discontinuance of Indian hostilities	$20,000,000
From reduction of pay of army, (the current reduction of the army being at the rate of 800 men per month), quartermaster and other expenses	9,000,000
Estimated reduction of other expenditures—Military Academy, Ordinance and Engineer Bureaus, etc., including items covered by "lapping" appropriations separately estimated	5,000,000
	$34,000,000

> Assuming the above estimates as correct, the regular expenditures of the War Department for the next fiscal year may be taken to about $38,000,000; which is nearly in accordance with the revised estimates submitted by General Grant acting as Secretary of War.
>
> The appropriations reported for the War Department for the next fiscal year are $33,081,013; leaving a deficiency on the above estimate of about $5,000,000.
>
> The extraordinary items included under the head of the expenditures of the War Department, viz: Bounties, State claims, private claims, freedmen, &c., will, as before stated, amount during the current fiscal year to $51,636,300.
>
> The disposition for the next fiscal year of the same class of expenditures will be as follows: For bounties, $50,500,000. This amount will be paid out of money in the Treasury not otherwise appropriated, in accordance with the terms of the act authorizing their payment, and has, in the schedule of expenditures before submitted, been estimated independently.
>
> The State claims for war expenses reimbursed during the present fiscal year amounted to $9,405,000.
>
> These claims, however, have been nearly all settled, and will probably require for the next fiscal year an expenditure not exceeding $1,000,000. The expenditures on account of the Freedmen's Bureau for the current fiscal year will be $2,100,000. The expenditures of this bureau for the current year, derived from appropriations hitherto made, but not yet expended, may be estimated at $2,000,000.
>
> The expenditures for subsistence of Indians, viz: $1,000,000, for the current year, were, in part, an advance made by the War Department on account of the Department of the Interior, and were wholly exceptional, and will not again be required. The expenditures settled by the Treasury and paid by the War Department on account of private war claims, for the current fiscal year, amount to $5,116,206. For the last fiscal year the payments under this head were in excess of $7,000,000. The amount required for the next fiscal year is wholly problematical and uncertain, but may be estimated at $6,000,000.
>
> But whatever they may amount to, they are not properly chargeable to the account of the War Department, and should be provided for by a special and definite appropriation.
>
> Assuming the correctness of the above analysis of the expenditures charged to the account of the War Department, the estimated expenditures, beyond the $33,081,013, for which additional revenue is to be provided, would appear to be as follows:

For army expenditures proper	$ 5,000,000
For reimbursement of State claims	1,000,000
Freedmen's Bureau	2,000,000
Private claims	6,000,000
Total	$14,000,000

> To offset this we shall have a probable surplus for the next fiscal year of at least sufficient to more than cover a much greater deficiency.

The Batesville (Ark.) *Republican* remarks: "There is one feature pertaining to the present General Assembly which is worthy of particular note, viz: There is not a member in either the Senate or House of Representatives who cannot write his own name in a plain legible hand! And we now assert without fear of successful contradiction (because we are prepared to prove it,) that this is the first General Assembly that ever convened in Arkansas in which there were not members who could not write their names."

A HARD PLACE.—Hayes City, on the Pacific Railroad, says an interior exchange, contains fifteen hundred people, nearly one-half of whom subsist by selling whisky to the other half. The gospel has never been preached in the place. Shooting at each other is the standard amusement of the population, four persons having been shot in a single week recently. Might is right, and revolver is the Court of first and last appeal. It has not rained there for six months.

The *Dramatic Chronicle* says: "The plot of Romeo and Juliet is taken from a novel written by the celebrated author, Masuccio Di Salerno, who lived towards the fifteenth century." Shakespeare went further back in the centuries than that for the plot of "All's Well that Ends Well." It is founded on the story "Giletta of Narbonne" in Boccaccio's Decameron," written in 1350.

The Germans are beginning to print their books in Roman type. It is found much clearer and less trying to the eyes. Opthalmy—which killed half the poor compositors before they had been ten years at the business, and caused a german printing office to be the funniest assemblage of pale faces, small forms, and big green goggles ever seen—will be banished by the change.

LATEST BY OVERLAND MAIL.

By overland mail we have Chicago dates to the 9th of June. The following are Washington telegrams of June 8th:

COIN CONTRACTS.

The bill relative to contracts payable in coin reported by the Finance Committee, passed by the Senate to-day, is in full as follows:

Be it enacted, That any contract hereafter made specially payable in coin, shall be legally valid, and may be enforced according to its terms, anything in the several acts relating to United States notes to the contrary notwithstanding.

UNION PACIFIC RAILROAD.

The Secretary of War has sent to the House a letter from General Sheridan, recommending an increase of the Government subsidy to the Union Pacific Railroad, eastern division. He says the Kansas branch of the road will soon be completed to a point about thirty miles distant from Fort Wallace. He urges such aid as will enable the company to extend the line to Fort Lyon, Colorado Territory, saying it would be a great advantage, pecuniarily, to the country to have it so extended, while it would substantially end the Indian troubles by the moral effect it exercises over the Indians.

RESIGNATION OF COMMISSIONER ROLLINS.

Mr. Rollins to-day tendered his resignation as Commissioner of Internal Revenue, to take effect upon the confirmation of his successor. He has had this step under consideration for several months, but the opposition of friends has deterred him until now. The fact that he has not for a long time had any voice in the appointment and removal of officers in his department, thus defeating his efforts to collect the revenue and prevent and punish frauds, has been one of the leading reasons for his course, and he now feels that it is out of his power to give satisfaction to the country. His health is also impaired by severe labor, and other matters of a domestic character have had more or less effect on him. He has been an officer in the department for the past five years, first as Cashier under Lewis, next as Deputy Commissioner under Orton, and finally as Commissioner by appointment of Johnson.

HOE'S PRINTING PRESS.

Mr. Hoe has memorialized Congress for an extension of his patent on printing presses. His original patent was granted in 1847, the extension in 1861, and expires on the 24th of next month. He sets forth at some length the advantages that have accrued to journalism from his invention, and says he has received no adequate reward for the time he has given and the money he has invested. The former extension was granted in time of war, which continued so long that he has sold but few machines during the last seven years. He asks a further extension till 1875, and submits all the papers on which favorable action was taken in 1861.

THE WEST INDIA PURCHASE.

Secretary Seward is earnestly at work trying to get the Committee on Foreign Relations to take action on the Danish treaty about the purchase of St. Thomas. The whole subject was laid aside by the committee during impeachment; since then Secretary Seward has obtained some further documents from the Danish Government, going to strengthen his appeal to the committee. The Danish Government is very anxious that speedy action should be taken.

KANSAS PACIFIC RAILROAD.

The Senate Committee on the Pacific Railroad will be ready next week to report a bill granting a subsidy to the Kansas Pacific Road similar to the one already given for the portion constructed, and to extend the road from Pond Creek in a southwest direction to the foot of the mountains. This will carry the road into the fertile district of New Mexico, and to a point where coal, iron and wood can be obtained. This is asked by the company, so that the present organized force of skilled workmen may be retained, and in order that the materials needed to put the road in the best condition may be within easy reach. General Hancock has sent an official letter to the Secretary of War setting forth the [illegible] to the Government of the extension of this road at least to the mountains, and the result of his observations concerning the enterprise and its relation to the prompt settlement of the Indian question, while commanding the Department of Missouri, and concluding as follows: "I consider any assistance given by Government to this enterprise as most wisely and advantageously applied."

SENATOR FRELINGHUYSEN ON GENERAL GRANT AND THE PARTY.

The following letter from Senator Frelinghuysen, of New Jersey, was read at the Grant ratification meeting last evening:

WASHINGTON, D. C., June 3, 1868.

My Dear Sir:—I regret that my present duties here, aiding in the preparation of laws for the restoration of several of the reconstructed States to the Union, will compel me to forego the pleasure of being present at the meeting called to endorse and ratify our glorious platform and nomination.

The character of the business in which we are now engaged I know will be received as a sufficient apology for my not complying with your invitation.

Our party was once sectional; it is so no longer. In a few weeks seven, and I hope nine, States, will add their large majorities to the party that makes the Declaration of Independence its platform and the elevation of man its object. That great and good, that patriotic and prudent, that brave and modest man, who inaugurated victory for our arms first in the West, and then at the East, and who never knew defeat, will in November lead the loyal hosts of America on to victory, and beside him will stand his worthy associate, the accomplished and popular Colfax. Then the rebellion will all be over, and then this nation will make such strides in national development, in intellectual, social and moral progress as has no parallel in history.

Who that values the blessing of living in such an age, and in such a country as this, and who appreciates the duties thus imposed, can fail to join the onward ranks of the party of freedom, of justice and of elevation? As in the two great struggles our country has made for liberty, New Jersey has been found in the front of the battle, see to it, that in this closing contest her fair name receives no fair dishonor. Let the living manifest their reverence for the heroic dead by maintaining the principles for which they died.

FRED'K T. FRELINGHUYSEN.

VALLANDIGHAM ON BUCHANAN.

Most of the Democratic papers attempt to eulogize the late President Buchanan; but the Dayton *Ledger*, of which Mr. Vallandigham is supposed to be editor-in-chief, speaks more candidly. It says:

> His administration was marked at every step by a complication of errors and misfortunes. He inherited the Kansas question, but failed to adjust it with success. A sarcastic and ill-advised letter of ten lines, arrayed Douglas against him on the ill fated Lecompton controversy. Extricated in part, at least, from the difficulty, through the extraordinary skill of Alexander H. Stephens, by the passage of the "English bill," and thus defeating the "Little Giant" of the West, instead of conciliating his baffled but still powerful foe, he resolved, in spite of the entreaties of many of his best friends, to carry the war into Illinois, and to drive Judge Douglas out of the Senate, even though Lincoln should be his successor. In this, he signally failed; Douglas was re-elected; became a candidate before the Charleston Convention, where he was bitterly opposed by Mr. Buchanan's friends. The fierce contention shivered the convention; the Democratic party was divided; Lincoln was elected; civil war came, and the end is not yet.
>
> Both by temperament and by age Mr. Buchanan was wholly unfitted for the revolutionary tempest that beat upon him during the last months of his administration. His patriotic purposes and impulses no man has any right to question; but he failed utterly to meet the crisis. Demonstrating with logical exactitude the unconstitutionality of coercion, he yet denied the right of secession, but lying upon the waters of revolution, a huge but powerless hulk, he drifted with the current till the fourth of March and disappeared. His successor drifted on, too, crying out at every surge of the waves, that "nobody was hurt," but he drifted speedily and straightway into civil war.
>
> What Mr. Buchanan should have done, what he could have done, it is now a mere matter of speculation to inquire. But a W[illegible] a William the Third, a Lord Ch[illegible] drew Jackson, any one worthy of [illegible] grand array of "God's el[illegible] [illegible] done something, and [illegible] promptitude and [illegible]. Maintenance of the Poor

The Commissioners of Multnomah county [illegible] bought a farm for the maintenance of the county poor For this action they have been assailed with bitterness on several occa[illegible] by the "organ It is easy to strike the key to these complaints The proprietor of the county hospital is the proprietor of the editor of the "organ." The keeper of the wards of the county under the present system is also [illegible]'s keeper This proprietor does not [illegible] t to give up the good thing he is enjoying, [illegible] the paupers of the county and is therefore opposed to the purchase of the farm and the editor of the "organ protests against the purchase, as in duty bound Probably he [illegible] about his own future sub[illegible]

It is pretended that the purchase of the [illegible] to [illegible] the action of [illegible] Commissioners, who will soon be [illegible] into office This pretence is as puerile [illegible] Preparations have been making for two years for a change in the system of keeping the county poor A special tax has been [illegible] and collected for the purchase of a [illegible] and the Commissioners have long acted [illegible] purpose in view of introducing [illegible]

[illegible] ago a contract was made with [illegible] Loryea to maintain the paupers [illegible] county at eight dollars per week each [illegible] advertised for, but as the bid of [illegible] Loryea, at the rate indicated [illegible] the only bid made, the Commissioners [illegible] to accept it The contract [illegible] for two years, but if at the expira[illegible] that time the county was not prepared [illegible] the paupers off the hands of the con[illegible] it was to continue for two years more [illegible] resolved, however, by the Commission[illegible] to make other arrangements [illegible] the two years should expire, and [illegible] of a farm has been made in pur[illegible] policy

[illegible] judges state that the land which [illegible] purchased is cheap at the money [illegible] and express the opinion that it [illegible] well adapted to the purposes required [illegible] will produce almost everything necessary [illegible] of the wards of the county [illegible] will do a large part of the work of the [illegible] this system those who are able [illegible] will be compelled to work or leave [illegible] who would want to go to a [illegible] who would decline to go to a place [illegible] sort, thinking that if they were to be [illegible] to work they might as well work on their own account. The industry of the [illegible] should not be taxed to support those who have any ability whatever to labor for their own support. This is the principle on which public charity ought to proceed The system which has heretofore been followed [illegible] afforded a class of undeserving persons an opportunity to foist themselves upon the community and it should therefore be changed. This county has supported men who have [illegible] here from Washington Idaho and other places, simply because they knew there was a chance to get their subsistence at the expense of the public These are some of the reasons for instituting a different sys[illegible] and experience in other places has shown that the method which it is now proposed to adopt is as good as any other.

[illegible]

Much has been said about the impropriety of the outside pressure' which was brought to bear on Senators whose position was regarded as doubtful on the question of conviction in the late impeachment trial It should not be forgotten, however, that the President's party did not hesitate to use the pressure Just before the verdict was given the New York *World* made the following proposition

> Let the men of wealth in this city without regard to party assemble at the Exchange or in the Cooper Institute and subscribe a sufficient [illegible] on millions of dollars if need be—to buy a favorable verdict There are 14 Radical Senators whose terms of office expire in 1869 Beyond that time they are sure of no political position so far as they know now, they are certain of no paying place' Surely as many as eight of these men would far rather be sure of a million each in hand than to wait for the uncertainty of a $5 000 [illegible] by and by Let us buy their votes at their own price

The New York *Times* a paper which steadily opposed impeachment says that there was pressure in which the Chief Justice took part We quote from the *Times* Washington correspondence

> * * * This gives the President only 18 votes —12 Democrats and 6 Republicans He must have 19 and the additional man must come from the Republicans that man must be one of these four viz Anthony, Frelinghuysen Sprague or Willey Your correspondent feels perfectly certain that the first two can not be touched The President can not get Mr Sprague for he has tried it through the Chief Justice father in law of the Senator and the latter answered in warm language that his mind was settled and could not be changed

There was more pressure against than for conviction And the pressure against it was of a far more dishonorable kind

Excellent Suggestion

The San Francisco *Dramatic Chronicle* modestly suggests to Democrats that it would tend greatly to promote a fair and square fight if they would nominate a truly representative man and not a compromise or expediency candidate The Black Republicans have had the pluck to put up *their* great fighting representative the man that fought their battles and commanded Lincoln s army of Abolition hirelings Now why should not the Democrats put up *their* great fighting man? Why should not they nominate *their* General—the indomitable Lee The *Examiner*, *Call* and *Dispatch* think that Lee was a greater General than Grant and have been engaged in proving it for several days past He was beaten they say not by Grant s superior generalship, but by overwhelming numbers Why then, should they not nominate him? We have no doubt that he would be found to be an orthodox Democrat so far as all the questions really at issue between the two parties are concerned We are confident that he is quite as sound on these points as either Pendleton or Seymour, or Hancock Why not nominate him then? Will our Democratic friends just turn this over in their minds?

The New York *Herald* in discussing the Democratic nomination says Pendleton will have a majority on the first ballot, but as two thirds are required, that will end him that to nominate McClellan as a military hero against Grant would be absurd, that the Western Pendleton man will not consent to the nomination of Hancock, and that Seymour's war record will kill him And then

From this point we begin to grope among the Democratic small fry, and can find no man among them who can hold a candle to Grant For an acceptable candidate, then, in opposition to Grant we must turn to the outside Conservative Union elements, and here, looming up in bold relief like a lighthouse between us and the setting sun stands Chief Justice Chase

On to Salt Lake!

Of the progress making on the Central Pacific Railroad the San Francisco *Bulletin* says

The Central Pacific Company can now move the whole of their force of 9 000 workmen upon the line of road between Reno and Salt Lake which presents so few difficulties that they can hence forth rival the Union Pacific in the speed with which they will grade and iron their road The track is so nearly laid to the Big Bend of the Truckee, 33 miles east of Reno and 187 miles from Sacramento, that it is expected that the cars will be running thither by the 1st of July less than a fortnight hence At Big Bend a new town to be called Wadsworth—after the Union General by that name who fell in the war—is projected Grading is progressing rapidly across the desert from Big Bend to Humboldt Lake, and will be pushed onward to Salt Lake as fast as possible From Big Bend to Gravelly Ford, 227 miles, the grading is said to be very light It is not improbable this space will be spanned by October or November Gravelly Ford is 417 miles east of Sacramento and only 234 miles west of Salt Lake, or of the only point on Salt Lake mentioned in Company's table of distances Thus there will remain to be built of the Central Pacific Railroad, after November next, only 234 miles, taking Salt Lake as the immediate objective, but as the Company will desire to push farther, say to Weber Canyon where the Union Pacific line is being graded eastward by Brigham Young, a further distance of 75 miles must be added, making 304 miles to be built between November next and July 1, 1869, if the Central Pacific is to realize its expectation of a completed line, uniting with the Union Pacific, by that day The struggle between the two companies will henceforth be more nearly equal and must be watched all over the Union with great interest It is a struggle peculiarly illustrative of American character, and the speedy construction which it involves is quite unparalleled in the history of railroad building the world over

DEMOCRATIC DOCTRINE"—Under this general head we find the following in different Democratic newspapers

Resolved, That we are opposed, both in principle and policy, to negro suffrage'—[Ohio Democratic Resolutions, 1868

'*Resolved* That under the action of the State of South Carolina, heretofore taken, we recognize the colored population of the State as an intelligent element of the body politic and as such, in person and property, entitled to full and equal protection under the Constitution and laws, and that, as citizens of South Carolina, we declare our willingness, when we have the power to grant them, with proper qualifications as to property and intelligence the right of suffrage"—[South Carolina Democratic Resolutions, 1868.

'*Resolved*, That the right of suffrage shall be limited to the white race in this country —[Illinois Democratic Resolutions, 1868

A very large torchlight procession of *Democrat* [illegible] are marching through the streets while I write I have addressed an immense audience in the Court House Square—the large proportion being negroes They carried transparencies with most appropriate Democratic mottoes Proclaim it throughout Upper Georgia that everything is safe—honor safe peace secured Democracy triumphant. —[Letter of B H Hill a leading Democrat in Georgia, April 11 1868

We have a word for our colored citizens who are anxious to vote for Governor at the ensuing election Your professed friends have nominated a man of the name of Bullock for that office, and it is right that you should know beforehand what sort of a man he is who solicits your suffrage — *Savannah News* (*Democratic*) *April*, 1868

OUR [illegible] DISPATCH.

SAN FRANCISCO June 27—A meeting of the Union State Committee was held yesterday at which it was resolved to convene a State Convention at Sacramento August 5th the next [illegible] members one having been added to the representation from Sierra and one to that of San Mateo The primaries will be held under Porter's primary election law under the management of the County Committees, and all citizens who will pledge themselves to support the electors to be instructed to vote for Grant and Colfax will be allowed to vote

The Democratic primary election yesterday afternoon passed off quietly with the exception of a thorough demonstration in one or two Wards The principal interest of the fight was the contest between Matthew Cannavan ex Chief Judge [illegible] Todd Scannel rival candidates for the office of Chief of Police The victory was claimed by friends of Scannell

Mr Hewlitt lessee of the Eureka Lodging House [illegible] on fire yesterday morning was arrested last night on a charge of arson The Board of Underwriters have resolved to work up suspicious cases in future, and also resolved that hereafter no claims for losses arising out of apparently incendiary attempts should be paid by any Company represented in the Board until after a thorough investigation and the consent of the Board being obtained

This afternoon about seventy teachers left by the Sacramento steamer on an excursion to Donner Lake

The San Joaquin Farm Homestead Association filed a certificate of incorporation to day The object of the Company is to purchase certain tracts of land in Merced and [illegible] for homestead purposes Capital stock of $200 000

The new steamer *Chico* left for Red Bluff to day She will run in that line hereafter Two other steamers are being constructed to run in the same line

The steamer *China* from Yokohama arrived this morning The Chinese companies who are taking active measures to stop the importation of Chinese prostitutes were on hand upon the arrival of the steamer and arrested 43 young girls aged respectively from 8 to 13 years who were consigned to the keepers of Chinese brothels The entire lot are to be sent to the Magdalen Asylum and from there will be sent to live as domestics in respectable American families The rage of the creatures who had sent to China for this consignment of humanity, were almost frantic when they found that their prey had escaped out of their hands

The war news from Japan is interesting The cause of Stotsbashi the late Tycoon is gaining trength rapidly Stotsbashi is about to take the field in person and it is thought the Mikado will ultimately be defeated and Stotsbashi reinvested with the *Tycoonate* The Hong Kong paper was jubilant over the fact that later European news had been received by way of Jartran than by the English steamers

The Probabilities of the Coming Political Canvass

[From the New York Tribune June 4]

The candidates of the Republican party are irresistible They stand upon a platform wisely though somewhat cautiously framed We enter the campaign under some auspicious circumstances Of the twenty seven States now in the Union the Governors and Legislators of eighteen are Republican, viz Maine, New Hampshire, Massachusetts Vermont Rhode Island, Minnesota, Pennsylvania Wisconsin, West Virginia Illinois Indiana Kansas Michigan, Tennessee Missouri Iowa Nebraska and Nevada We have the Governor and Senate in New York the Legislature in Connecticut and the Governor only in New Jersey, Oregon and Ohio The Democrats have both Governor and Legislature in California, Maryland Delaware and Kentucky The ascendency of the Republicans in these State governments fairly measures the average preponderance of the people in favor of Republican principles during the past four years If the ten reconstructing States should be admitted in time to participate in the elections their vote would probably be divided about equally between the two parties The Democrats or rather those who declined to vote at the recent reconstruction elections are a slight majority of the registered voters in these States and while the Republicans are tolerably sure of North and South Carolina Louisiana Florida and Arkansas the Democrats would make a very even contest in all the others with a fair prospect of carrying several of them Neither political party has any definite certainty of gain or loss by the participation of the Southern States in the next election Of the eighteen States above enumerated as Republican, all except Pennsylvania and Nebraska may be set down as irreversibly Republican in the approaching contest Whatever doubt rested over Illinois before the nomination is removed by the presentation of Grant and Colfax These sixteen Northern States are safe for Grant and Colfax against any ticket the Dem crats can scare up however long they set "or" point" or beat the bush The battle ground therefore lies in Connecticut, New York Pennsylvania, New Jersey and Ohio The States we have estimated as certainly Republican, poll the following electoral votes viz

Maine	6	Indiana	13
New Hampshire	5	Kansas	3
Massachusetts	12	Michigan	8
Vermont	5	Tennessee	10
Rhode Island	4	Iowa	8
Minnesota	4	Missouri	11
Wisconsin	8	Nevada	3
West Virginia	5		
Illinois	16	Total	12[illegible]

If to these we add the votes of the Southern Republican States viz

Arkansas	5	North Carolina	9
Florida	3	South Carolina	6
Louisiana	7		
Total			20

we have a total of 149 votes while the required number is 159 It is certain, therefore that the election of Grant and Colfax requires the Republican party to carry one electoral of the doubtful States Upon the heavy electoral vote of New York (33) Pennsylvania (26) and Ohio (21), depends the result of the contest The Republican party must win if it carries either The Democratic party may win if it carries them all

HOW IT COMES Nobody ever became rebel against this government without first becoming a Democrat

The great majority of the rebels and rebel Sympathizers were original Democrats

Before any man originally belonging to any other organization could become a rebel sympathizer he had to desert his party and join the Democracy

Democracy was the stepping stone to the rebellion

The rebellion was plotted guided, and conducted by men who were elected to high office by the Democratic party

Every man who desires to see the rebels restored to power and their cause vindicated is a Democrat

SECRETARY It is announced that Geo C Gorham is but the sixth Secretary of the United States Senate The first Secretary Samuel Allyne Otis held the position twenty three years Charles Cutts eleven years Walter Lowrie, eleven Asbury Dickens twenty five years, and John W Forney, seven years The Secretary serves during the will of the Senate

A PRECIOUS YOUTH A friend tells us of a lady who was recently reading to her child a boy of seven years a story of a little fellow whose father was killed and died where upon the youngster set himself diligently to work to support himself and his mother

When she had finished the story the following dialogue ensued

M Now my little man if your papa was to die wouldn t you work to help your mother?

B (Not relishing the idea of work) Why ma what for? Ain t we got a good house to live in?

M Oh yes, child but we can t eat the house, you know

B Well ain t we got flour and sugar and other things in the store room?

M—Certainly we have my dear boy but they won t last long, and what then?

B Well ma ain t there enough to last until you get another husband?

A roar of laughter ended the colloquy

WHITE'S BRICK BUILDING.—The walls of Mr. White's new brick, on the corner of Front and Morrison, are beginning to make considerable show and the number of hands employed about the building, gives promise that the structure will be soon up. By the way, this building is going to be a sort of king among the buildings of this city. It is 75 feet on Front street by 100 feet on Morrison, and is to be four stories high—twenty-five feet wider and one story higher than Carter's big brick on the corner of Front and Alder. On the ground floor it will be divided into three stores opening on Front street, each 24 by 60 feet, and one fronting on Morrison, 22 by 75 feet—each of them 15 feet high from floor to ceiling. All the doors and windows of these rooms are to be of large plate glass. The entrance to the 2d story is from Morrison street. The 2d, 3d and 4th stories are to be furnished for a first class hotel. The 2d floor is to be divided into a parlor, 21 by 48 feet; a dining room, 40 by 42 feet; kitchen, 21 by 23, with all modern fixtures and the remainder, into suits of rooms for families. These are all large, with parlors opening upon the streets. The 2d story is 15 feet high, in the clear. The dining room is lighted by two great sky-lights. The 3d story will have 54 rooms, with wide halls communicating with all parts of the floor. Nearly all these rooms receive light from the windows or the sky-lights above mentioned. This story is 11 feet high in the clear. The 4th story will be 12 feet high, built of wood, and will be what is called a French roof, the exterior walls leaning toward the centre. It will be divided into 52 rooms, all well lighted. The best modern ... of ventilating will be used throughout the house. All the windows of the 2d, 3d and 4th stories will be of ... sheet glass. The finish outside and inside is to be first class and rich. The outside appearance of the building will be both handsome and imposing. The top story will be unlike anything ever built in Oregon, and will set off the building, we think, admirably. There is a cellar under the corner store, 23 by 70 feet. The foundations are of stone and built very substantially. The building will require 450,000 brick, kiln count, and will cost when ... about $60,000. Mr. E. M. Burton is the architect and superintendent of construction. The building will be a credit not only to the architect and the owner, but to the city.

VANCOUVER ITEMS.—We clip the following items from the *Register*: A petition for the pardon of Tom Wilson, convicted of highway robbery at this place about a year ago, and sentenced to three years in the penitetiary, was forwarded to the Governor yesterday. In a letter accompanying the petition it is set forth as a strong reason for granting the prayer, that his pardon could be contingent on his leaving the Territory, whereas, if permitted to serve out his time, he would more than likely revisit the scene of his former exploits. This seems logical. .....The examination of the pupils of the Sisters of Charity, Vancouver, will take place at Holy Angels College, on Thursday next, July 2d......The Common Council have appropriated $50 in currency to assist in defraying the expenses of the firemen's celebration on the 4th of July......A match between the Oriental B. B. Club, of the Fourth Plain, and the Washingtons of this town was played here on Tuesday. It was closely contested, the Washingtons winning barely by the skin of their teeth—three runs......A request to change the day of the departure of the mails from Monday to Saturday, signed by many of the postmasters of the county, was recently forwarded to Q. A. Brooks, Esq., Postal Agent. We hope the change may be made. A petition for the establishment of a post office at Battleground has also been forwarded. It would be a public convenience......The annual exhibition and distribution of premiums will take place at Holy Angels College, on Tuesday, the 30th inst. The exercises will be continued through three sessions, viz: From 9 A. M. till 12 M.; from 2 P. M. till 5 P. M., and from 7½ in the evening till the close......All who feel the slightest interest in agricultural matters should attend the meeting at Brant's Hall, in this city, on Saturday, the 11th of July, at 1 o'clock, P. M. The object of the meeting is the organization of an Agricultural Society for Clarke County......Two camp meetings are progressing in this county at the present time—one on ... Creek (Methodist) and the other (United Brethren) on the Fourth Plain. Both are largely attended, and we hear of some notable conversions. We have not learned the number of accessions to the Church at either place, but it is known to be quite large. We hear that it is the intention to continue the meeting till some time next week—the weather permitting.

THE CITY MARSHALSHIP.—Mr. Jacobi informs us that he ... the right of Mr. Lappeus to the office ..., on the ground that the latter was not legally elected, having received the vote of Mr. Ripley, whose membership in the Council is alleged to have ceased prior to the election, by operation of law. Mr. Ripley had been absent more than six consecutive regular meetings of the Council, as the records show. The Charter ..., chapter IV, section 1, that, "The office of ... shall be deemed vacant whenever any ... shall cease to be a resident of the ward ..., or shall fail to attend six consecutive ... meetings of the Council, unless absent upon ... first obtained."

The only way the ... can excuse itself for its wrong is to say that, be... judge of the qualifications of its own members, Mr. Ripley's seat could not be considered vacant till so ... by the Council; but we doubt if the courts will so hold, any more than in the case of a member who vacates by expiration of his term. One goes out by operation of law without any declaration to that effect by the ..., and so does the other. The Council has no ... over the matter in any way, because the law is ... than the Council. How the disposition of the ... of Mr. Ripley's right to act as a Councilman may ... the legality of Mr. ...'s election, must depend upon whether it can be proved for whom the several ... voted. The *Troup* with the ... band will leave here for Oregon City about 10 o'clock this morning and will remain there till the close of the game. There will doubtless be many visitors from this city, as the game is expected to be lively and closely contested.

LONE FIR CEMETERY.—Complaints are made that Lone Fir ... is not properly taken care of. There is a ... who was engaged to keep it in order, but the public lot holders seem to be careless and fail to pay him for doing such work, and the incorporators aver that they cannot afford to expend so much money as would be ... to pay for the necessary labor.

INVITATIONS ACCEPTED.—We are informed by the chairman of the Committee of Arrangements that the following ... have accepted invitations to officiate in the ... of the 4th. Judge M. P. Deady, Reader of the Declaration; Judge Wm. Strong, President of the Day; and Rev. J. L. Elliott, Chaplain.

THERE IS A FEW HANDSOME SILK CLOAKS left yet, which positively must be disposed of before the Fourth. Also, a nice lot of Straw Goods, which must be sold regardless of cost! Ladies, call on MRS. LEVY, and judge for yourselves.

TO THOSE IN WANT OF PHOTOGRAPHS, we would say that now is a first-rate time to visit Buchtel's Gallery, where the latest and finest styles may be had—J. H. Montgomery, operator.

WE CALL ATTENTION to the fine assortment of Parlor Suits and Marble Tables at the Warerooms of Hurgren & Shindler. The work looks beautifully and well done, and as they buy their frames from manufacturers of reputation at the East, are put together and upholstered by workmen of many years' experience here, we do not see that there is any need that any Oregonian should be so foolish as to buy in San Francisco Parlor Suits for more money than what a better class of goods can be furnished here by Messrs. Hurgren & Shindler.

THE FOURTH OF JULY HAT, suitable for warm weather, will be introduced to-day, Saturday, June 20th, at J. C. Meussdorffer & Bros. This Hat is manufactured entirely by our firm in this city. It is light, tidy and airy, and price very reasonable. Call and examine.

SEASONABLE.—Those stylish Summer Suits, direct from New York, and for sale by Wm. Currier & Co., 103 Front street.

THE BROADWAY STYLES OF BOYS' HATS received per last steamer, and for sale by J. A. Daly, 103 Front street.

TAXES.—All persons holding tax certificates for the years 1862, 1863, 1864 and 1866 can have their deeds for lands prepared by calling at the Sheriff's office and presenting their certificates. JACOB STITZEL,
je17d10t Sheriff of Multnomah Co., Oregon.

Having used the "GROVER & BAKER SEWING MACHINE" for many years, I take great pleasure in recommending it to the public, as I believe it superior to all others that have come under my notice. MRS. MATTHEW CROOKS.

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

BEWARE OF COUNTERFEITS.
Each package bears the signature of G. VENARD.

HOSTETTER'S
CELEBRATED STOMACH BITTERS!
A Pure and Powerful Tonic,
Corrective and Alterative, of wonderful efficacy in Diseases of the
STOMACH, LIVER AND BOWELS.

PROTECTIVE PROPERTIES.

Prevents Fever and Ague and Billious Remittent Fevers; Fortifies the System against Miasma and the evil effects of unwholesome water; Invigorates the organs of digestion and the bowels; Steadies the Nerves and tends to Prolong Life.

REMEDIAL PROPERTIES.

Cures Dyspepsia, Liver Complaint, Sick and Nervous Head-ache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Sea Sickness, Cramps and Spasms, and all complaints of either sex arising from Bodily Weakness, whether inherent in the system or PRODUCED BY SPECIAL CAUSES.

NOTHING THAT IS NOT WHOLESOME, GENIAL, and restorative in its nature, enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind; no deadly botanical element; no fiery excitant; but is a combination of the extracts of rare balsamic herbs and plants, with the purest and mildest of all diffusive stimulants.

The weak stomach is rapidly invigorated, and the appetite restored by this Tonic, and hence it works wonders in cases of Dyspepsia, and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.

Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits, and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is conclusive, and from both sexes.

As a Genuine Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay, and Debility and Decrepitude arising from old age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them.

Last, but not least, it is the only safe stimulant, being manufactured from sound and innocuous materials, and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachics of the day.

CAUTION.

To all whom it may concern I hereby give notice that the so-called "Shipley's Pacific Turbine Water Wheel" is a direct infringement and copy of the James Leffel s American Double Turbine Water Wheel and its manufacture and use is hereby prohibited Any person or persons making, using, constructing or vending said Water Wheels make themselves liable to heavy damages and penalties Parties interested will take notice for I shall prosecute said infringements to the utmost extent of the law

That all may know I mean what I say and am not playing "*bluff*," I give the following extract from a legal opinion on this subject from one of the most eminent Patent Attorneys in the United States

WASHINGTON D C April 17, 1868

"MR A MYERS—In accordance with your request we have examined the patents of Shipley on Water Wheels and are clearly of the opinion that they both infringe the Leffel s patents In both of Shipley s Wheels he uses the upper and lower tiers of buckets precisely as Leffel does and in this he clearly infringes The fact that Shipley has applied another series of buckets in addition to those used by Leffel does not relieve him from the consequences of infringement at all He has no right to use these two tiers of buckets whether alone or with a third or any other number of tiers added It is a clear infringement Respectfully yours,

DODGE & MUNN

I hereby give notice that I will prosecute every infringement on our Patents whether it is the maker user buyer or seller Every infringement whether one claims are used in whole or in part will be prosecuted

THESE WHEELS EXCEL ANY OTHER WHEEL in use, and are no infringement on the Leffel American Turbine, but excel it in every particular.

CAUTION.

To all whom it may concern —One A Myers is publishing and circulating a statement that my wheel is an infringement on the Leffel wheel and he will "prosecute said infringement to the utmost extent of the law" His statements are not worth a denial His game is "Bluff" which if he would only take the case to Court would soon be played out Don t believe him

I would be glad to get a case into the United States Court and get a decision That would forever stop the mouth of Myers and his misrepresentations The legal opinions of more reputable lawyers than Dodge & Munn and A Myers have pronounced my patents no infringement on the American Turbine H W SHIPLEY
